## Natural Project

Okaeysi has created an innovative highest quality product line with Modeling, Slimming and Push-Up effect, using natural fibers, diversifying radically from what are offered by the current market, which is manufactured entirely with synthetic fibers.

The Oakeysi styles, as well as ensure a functional and effective, they also want to be in total harmony with the body, natural and comfortable in contact with skin.

There are three types of natural fibers used for our product lines:  
**Cotton, Milk and Bamboo.**
