RelaxMaternity
Seamless maternity
and post-partum
underwear

New Collection
Premaman and Post partum

RelaxMaternity a complete range of maternity and post-partum underwear dedicated to all the pregnant women and new mothers who, in addition to looking for underwear that meets their specific needs, also demand quality, comfort and wellbeing.

RelaxMaternity

RelaxMaternity consists of two product lines:

Premaman and **Post partum**, with a full range of briefs, bras and girdles, which model, sculpt, restrain and support the parts that inevitably grow during and after pregnancy and are overburdened by extra weight.

RelaxMaternity garments have been specially designed to help women to face the physical changes that occur in pregnancy, and in particular to:

- Help support the increasing weight of the parts of the body that are subject to increased volume.
- Help contain the elongation of muscle fibres, in order to preserve the natural elasticity of the skin.
- Help prevent sagging of the skin and muscle tissue.
- Distribute body weight properly in order to reduce fatigue and maintain good posture.
- Regain muscle tone in the post-partum period.
- Protect the skin, which becomes more sensitive and delicate in pregnancy, from friction and bacterial infections.

RelaxMaternity springs from RelaxSan experience, an established brand in the production of graduated compression stockings. It is thanks to this experience that RelaxMaternity garments are top quality, made with advanced technology and designed to offer women maximum functionality, convenience and hygienic protection.

Italian Quality

RelaxMaternity products are **100% Made in Italy**, products completely designed, manufactured and packed in Italy, to guarantee high quality standards!

Premaman Briefs

Art. 5100 Maternity briefs with built-in elastic band to ensure gentle support for the abdomen during pregnancy, without compression. Made with super-elastic fabric, it expands gradually as the baby grows. Fits loosely on the hips, seamless and made of cotton.

White Black 37 Beige

60% CO Cotton - **32% PA** Nylon - **8% EA** Elastane

Premaman Silver Briefs

Art. 5150 Maternity briefs with built-in elastic band to ensure gentle support for the abdomen during pregnancy, without compression. Made of silver X-Static fabric, it protects against bacterial agents and acts as a protective screen against electromagnetic waves from cell phones, radios and TVs. Made with super-elastic fabric, it expands gradually as the baby grows.

White Black

69% PA Nylon - **20% PA** Silver Metalized Nylon - **11% EA** Elastane

Premaman Silver Belt

Art. 5400 Maternity tummy-control belt, providing gentle support to the abdomen during pregnancy with built-in elasticity. Made of silver X-Static fabric, it protects against bacterial agents and acts as a protective screen against electromagnetic waves from cell phones, radios and TVs. Total comfort, seamless.

White Black

69% PA Nylon - **20% PA** Silver Metalized Nylon - **11% EA** Elastane
